

UNIVERSITY OF  
ST. THOMAS

# MASTER OF SCIENCE IN FINANCE

## INFLUENCE FINANCIAL DEVELOPMENT GLOBALLY

**Offered 100% Online & On Campus**

About 7.5 billion people live in the world, in 195 countries spread out over 24 time zones and speaking 6,500 languages. In spite of our huge variety of cultures and beliefs, the one thing we all have in common is an understanding of the universality of money.

Through financial markets, countries grow and businesses expand. Finance leaders involved in the day-to-day operations of those markets have great power to influence financial development around the world. The UST Master of Science in Finance (MSF) program will empower you with knowledge to analyze, forecast and plan the management of financial resources.

UST is centrally located in Houston, making it easily accessible and closely connected to valuable networking opportunities with finance industry professionals.
