GRADUATE CERTIFICATE IN FAITH AND CULTURE

SEEK MEANING & FULFILL A PURPOSE
OFFERED 100% ONLINE

The Graduate Certificate in Faith and Culture program is rooted in the same course offerings as the Master of Arts in Faith and Culture degree program. If you don't want to pursue an advanced degree in Faith and Culture, a certificate program may be the better option. **It can be completed with half the credit hours and allows you to enrich your academic or professional career while earning a recognized credential.**

The Graduate Certificate:

- Is comprised of only the first 18 hours (core courses) of the full degree program
- Offers the option of replacing two of those core courses with approved electives
