MASTER OF ARTS IN PHILOSOPHY & THEOLOGY

REAL THEOLOGY FOR REAL LEADERSHIP

Offered 100% Online & On Campus.

REAL THEOLOGY

- Faithful to the magisterium
- Deep in tradition
- Ordered to contemplation

Divine Revelation, the intellectual pursuit of truth, prayer, and wisdom all converge in the science of theology. Real theology means a deep immersion in the tradition—Patristic, medieval and modern—that is both intellectually rigorous and always faithful to the magisterium.

REAL LEADERSHIP

- Guide people to truth
- Defend the faith
- Deepen your spirituality

Lay leadership has often been misunderstood in recent decades as functional and hierarchical. As Pope Benedict states, however, the mission of laity in the Church is primarily spiritual, intellectual, and evangelical. Laypeople are enjoined to lead people to the truth of Christ.
