

UNIVERSITY OF
ST. THOMAS

RN-TO-MSN PROGRAM

A CAREER WITH A PURPOSE
COURSE WORK OFFERED 100% ONLINE*

Advance in the ever-growing nursing field with an MSN degree. **Experienced nurses who hold an associate degree** while meeting graduate-level admissions standards can enroll in the RN-to-MSN program. **Course work is online**, with simulation labs being held at UST's state of the art Center for Science and Health Professions.

The Graduate Nursing Student Success Center offers mentorship and guidance specifically for nursing students on how to balance work and graduate coursework, and how to develop professionally.

** Simulation labs will be held at UST's state of the art Center for Science and Health Professions.*
